

SUMMER SEASON 2021

NSRA COMPETITION CONDITIONS

Detailed below are updates to NSRA Competition Conditions which are now applicable to NSRA Leagues and Competitions.

ONLINE RESULTS PORTAL

The NSRA are continuing our move to the Online Results Portal for publishing results for Leagues and Competitions. This exciting development has unfortunately been delayed by circumstances beyond our control, so the NSRA are currently not able to accept Competition Entries via the Online Results Portal.

It is therefore a **CONDITION OF ENTRY** that Club Representatives provide a **FULL NAME, POSTAL ADDRESS AND EMAIL ADDRESS**. By providing said personal data you are giving your permission for the NSRA to use them to register login credentials to the Online Results Portal.

Further information, including Terms of Use and Terms of Service for Users, will be provided as part of the registration process.

CONCURRENT SHOOTING

The Online Results Portal will automatically carry concurrent scores from the main competition to the concurrent competition. However, this must be specified at the beginning of the season and shooters must continue to shoot their cards concurrently throughout the season.

Please inform us on this entry form where shooters wish to shoot competitions concurrently by denoting a **(Z)** next to the shooter's name.

(101) Scottish Team League concurrent with (100) National Long Range Team League

(303) Individual 50M League concurrent with (103) National 50M Team League

(305) Individual Veteran's 50M League concurrent with (103) National 50M Team League

(310) Individual Short Range League concurrent with (110) National Short Range Team League

LOCAL / CLUB SCORING

Those Clubs wishing to use local scoring (club scoring) will be able to utilise the Online Results Portal for submitting their scores for Team League competitions. *Due to the delays in completing the Online Results Portal project this will be available later in the season and training will be provided for those who require any assistance.*

NSRA Central Scorers will continue to provide scoring for those Clubs not wishing to use club scoring. NSRA Central Scorers will also provide vital quality checking club scoring.

Please use the last page of this entry form to provide the following information:

- Full name of local scorer
- Full Postal Address of local scorer
- Valid contact email address for local scorer
- NSRA Scorer Course Date
- Competition Numbers to score
- Whether the local scorer has experience of using the riffileagues.co.uk website

By providing said personal data Club Scorers are giving permission for the NSRA to use them to register login credentials to the Online Results Portal.

Further information, including Terms of Use and Terms of Service for Users, will be provided as part of the registration process.

GDPR

In your capacity as Club Secretary or Correspondent it is your responsibility to make sure that all members of your club who will be entering any club team event or individual competition have given permission to use their Name, Club Name, Score, Average and any other associated relevant information. This is on the understanding that it is a Condition of Entry that such information will appear in the results of each competition they enter, however these results may be published.

Information provided on this entry form will be stored on secure servers in accordance with GDPR regulations for the purposes of administration of the competitions and the distribution of results.

The NSRA will not use or sell any competitor's data for commercial purposes. If you require any more information please read the NSRA's Privacy Policy which is available on our web site <https://www.nsra.co.uk/index.php/home/reference/codes-guidance/nsra-privacy-policy>

AIR RIFLES ARE NOW PERMITTED FOR USE IN NSRA SHORT RANGE LEAGUES AND COMPETITIONS

As from the Winter 2020/21 Season 0.22 or 0.177 Air Rifles are permitted for used in the NSRA Short Range Leagues and Competitions.

- The Average Declaration should be specified as either 0.22 rimfire, 0.177 Air or 0.22 Air.
Please highlight Air Rifle shooters on this Entry Form by denoting an (X) next to those shooting 0.177 Air or (Y) next to those shooting 0.22 Air
- Competitors must fire all cards in the competition with the firearm type as declared via their average. E.g. if entering with a 0.177 average all cards in that competition must be shot with a 0.177 air rifle – the competitor may not change to a .22 rimfire rifle midway through the competition and vice versa
- For 0.22 and 0.177 Air Rifles, round nosed pellets should be used as set out in NSRA Rule 8.2.3.2
- When a range is used for airguns it will be necessary to make provision to remove the anti-splash curtain (Linotex or equivalent) or fit an additional pellet catcher or curtain of Hessian or similar material. Refer to NSRA Design, Construction and Maintenance of Target Shooting Ranges, pages 3-6, paragraph 3.4.10.8

SUMMER SEASON 2021 COMPETITION ENTRY FORMS

FOR RIFLE, PISTOL, AIRGUN & CROSSBOW - excluding County Competitions

FOR DETAILS OF THE COMPETITIONS SEE SECTION 7.1 (Club & Individual Postal Competitions) OF THE NSRA HANDBOOK. THE COMPETITION NUMBERS LISTED REFER TO THOSE IN THE HANDBOOK. INFORMATION SHEETS FOR EACH COMPETITION ARE ALSO AVAILABLE ON THE WEBSITE (WWW.NSRA.CO.UK).

ELIGIBILITY	Membership numbers must be quoted.
Individual Competitions:	Open to Life, Annual and <u>Associate Members</u> of the NSRA
Club Team Competitions:	Entry is restricted to Category A Clubs (both Senior and Junior) which are currently affiliated to the NSRA. <u>Team members must be Life, Annual or Associate Members of the NSRA, except where stated otherwise.</u> A team member must have been a member of the club for at least one month prior to the date of shooting in the team for the first time. A club may enter any number of teams.

CALCULATION OF AVERAGES

Averages for all competitions shall be given as points scored, not dropped, and must be certified as correct on the entry form by the Club Secretary, Captain or other appropriate club official.

For competitions where a shooter's average is required, the average will be calculated as:

- A. In team leagues, the exact average achieved by the shooter in the equivalent league the previous year.
- B. Where the shooter did not take part in the previous league, an average may be calculated from the best ten of the last twelve confirmed scores in any league or leagues, or as an average from any completed league.
- C. For all individual competitions the average of the best 10 of 12 of confirmed scores in any relevant league.
- D. If a shooter has had a significant improvement or deterioration since last year, a more relevant average can be used (best 10 of 12, or taken as an average from any relevant league). If the average is lower than last year's, evidence to substantiate the reduction must be provided.

The average for each shooter must be quoted to one decimal place and must not be rounded to the nearest whole number.

The team average will be the aggregate of the individual averages of the members of the team.

If a club is unable to declare an average in accordance with the relevant conditions for a competition, an explanation of the cards used to obtain the average declared must be sent with the entry.

Please note that all team and individual entries MUST be on the official forms. "See attached sheet" is unacceptable. Entries not on the official forms will NOT be entered in the relevant competition(s).

DISCIPLINARY ACTION:

Competitors and teams whose scores unreasonably exceed their declared averages may be re-classified or disqualified from a competition.

Clubs are reminded that entries are only accepted if current affiliation fees have been paid.
